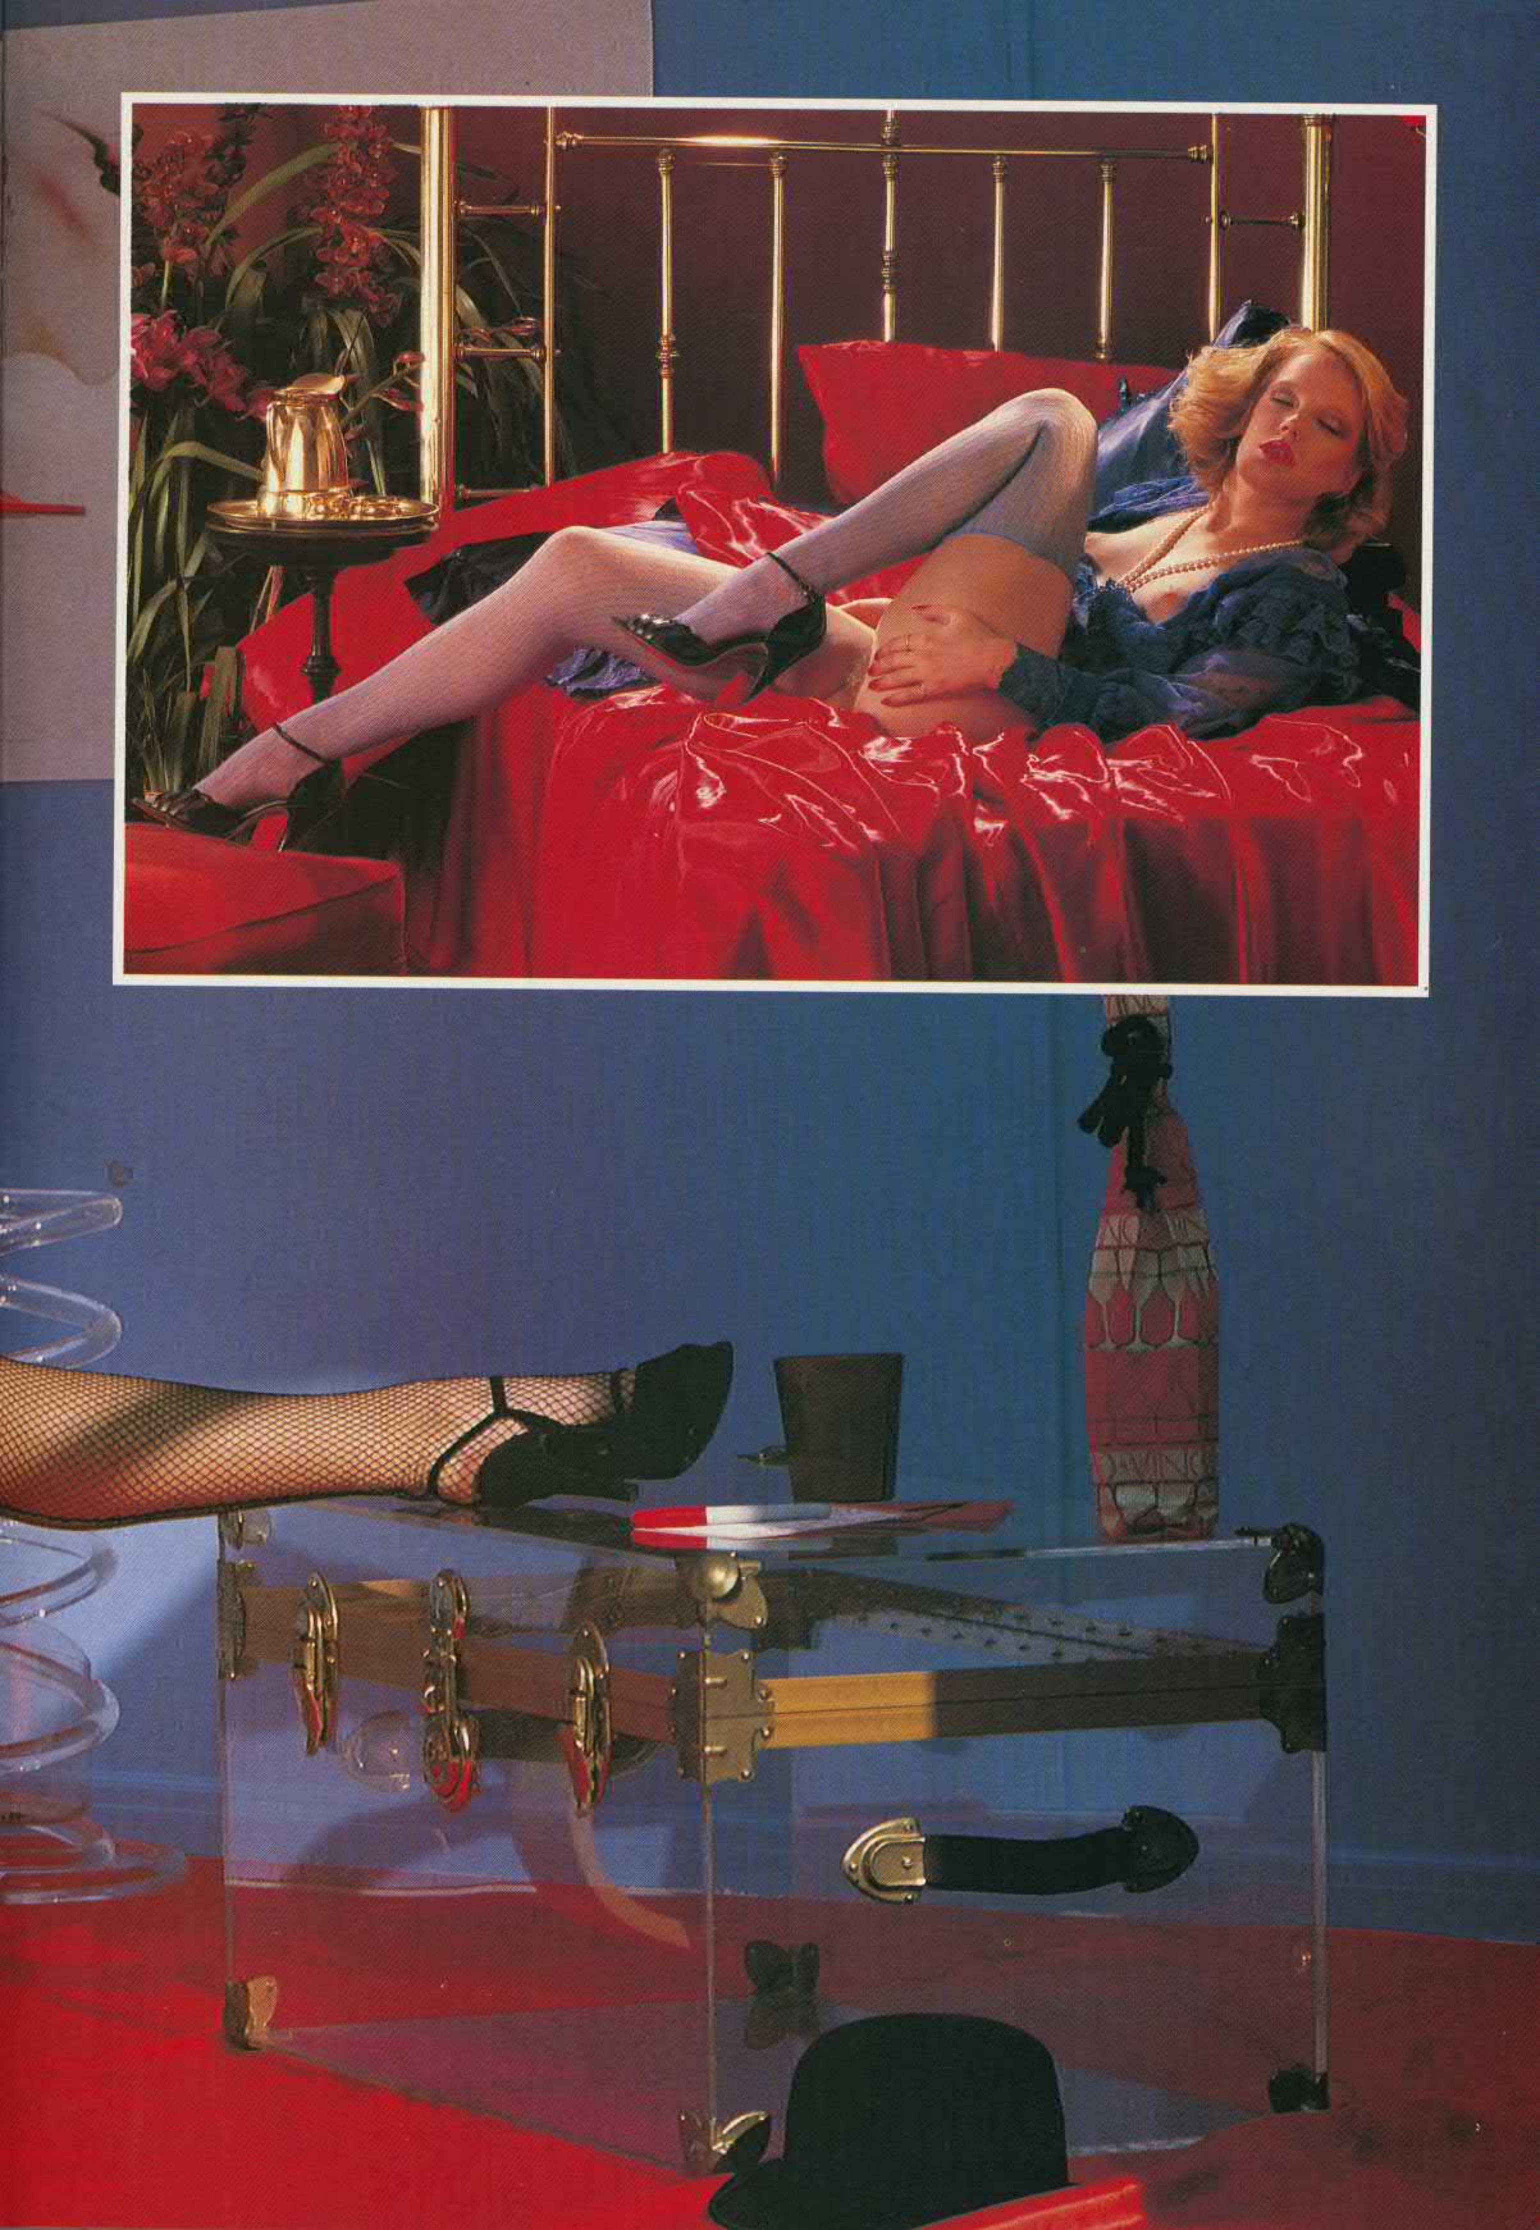
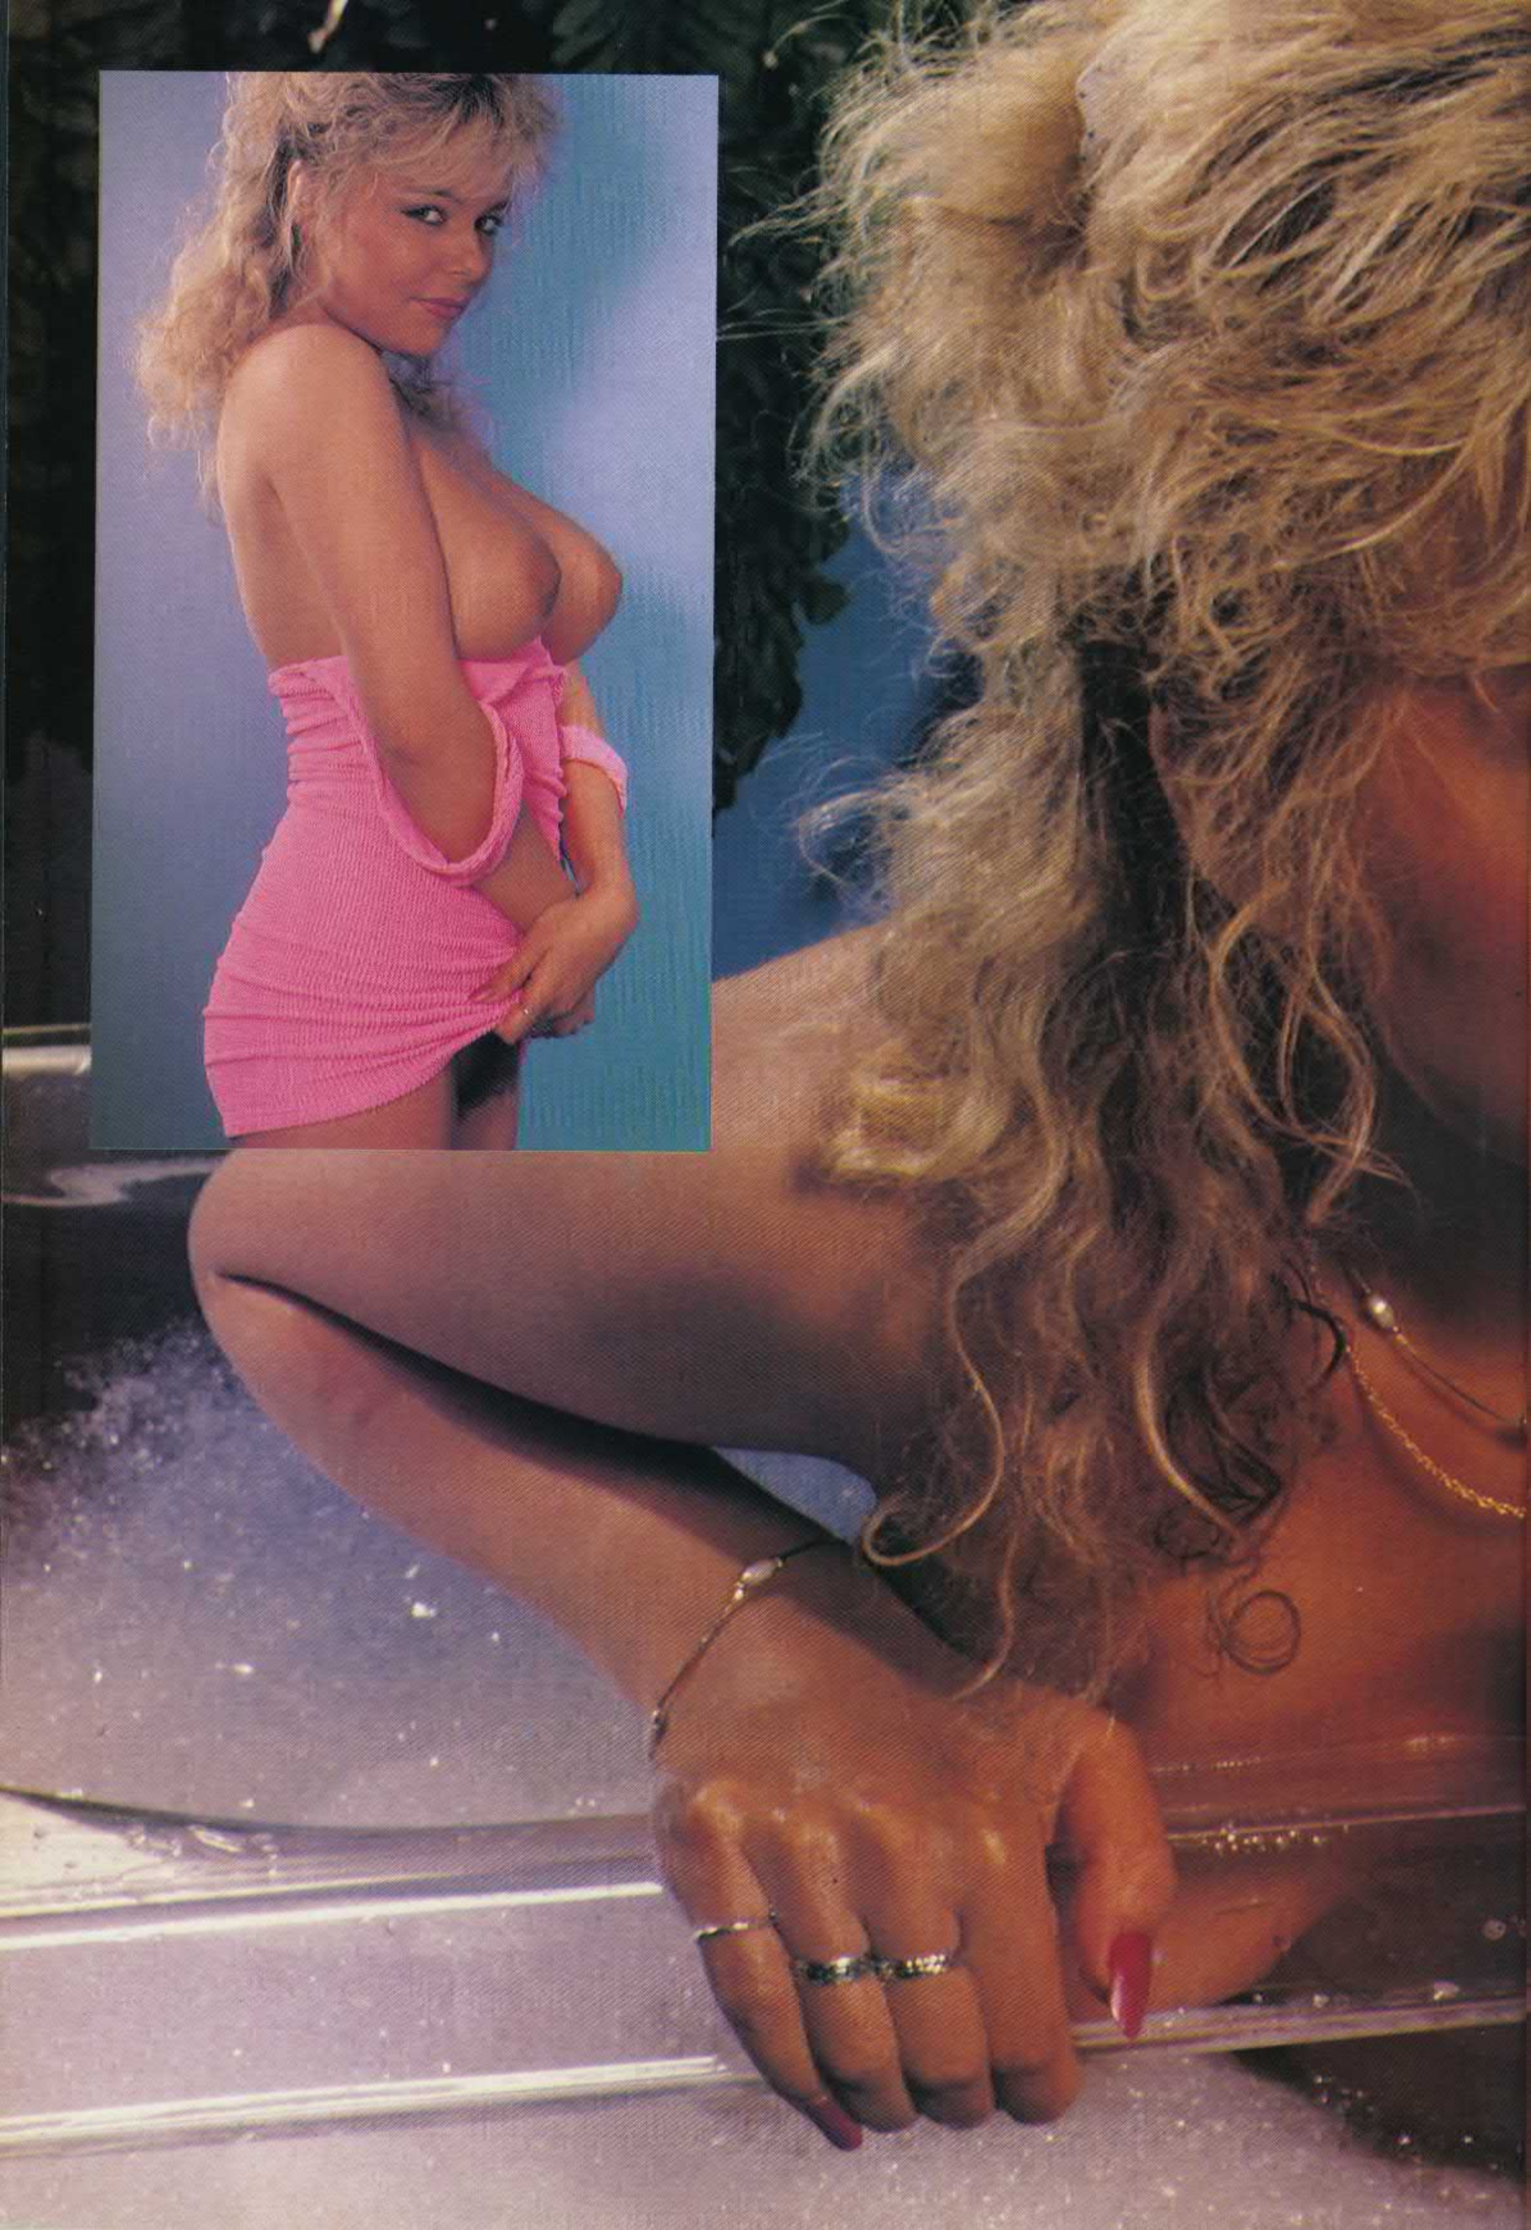
Tania

Tania just loves to get out in the sun. Whenever she has the chance, she wanders down the country lanes that surround her Cambridgeshire cottage, settling in a deserted spot by the side of the river. About three miles from the nearest road, even the local farmers can't get to this spot. Taking advantage of the privacy, Tania likes to lie topless in the peaceful atmosphere, the sun gently beating down on her tender skin. After all, the locals don't know what she gets up to, and the tourists on the ocassional passing boat never seem to mind! So if you see Tania this summer, wave as you pass her!

PRIVATE THIGHS





Petra

Petra left art school with a string of Oh! levels, but couldn't bare the thought of working in a stuffy office. So she took a course in massage and got a job at a health farm. She loved meeting people and got great pleasure from helping guests to relax. Indeed, rubbing essential oils into those over-stressed bodies gave her as much satisfaction as it gave her clients. She doesn't mind whose bodies she works on - men or women - but her favourite type is that good looking "thirtysomething" kind of man. If she gets a client like that, she'll work him so hard that he forgets all about his filofax. So, all you over-stressed men out there, why not check-in to Petra's health farm and treat yourself to the experience of a lifetime. Let Petra soothe your troubles away.

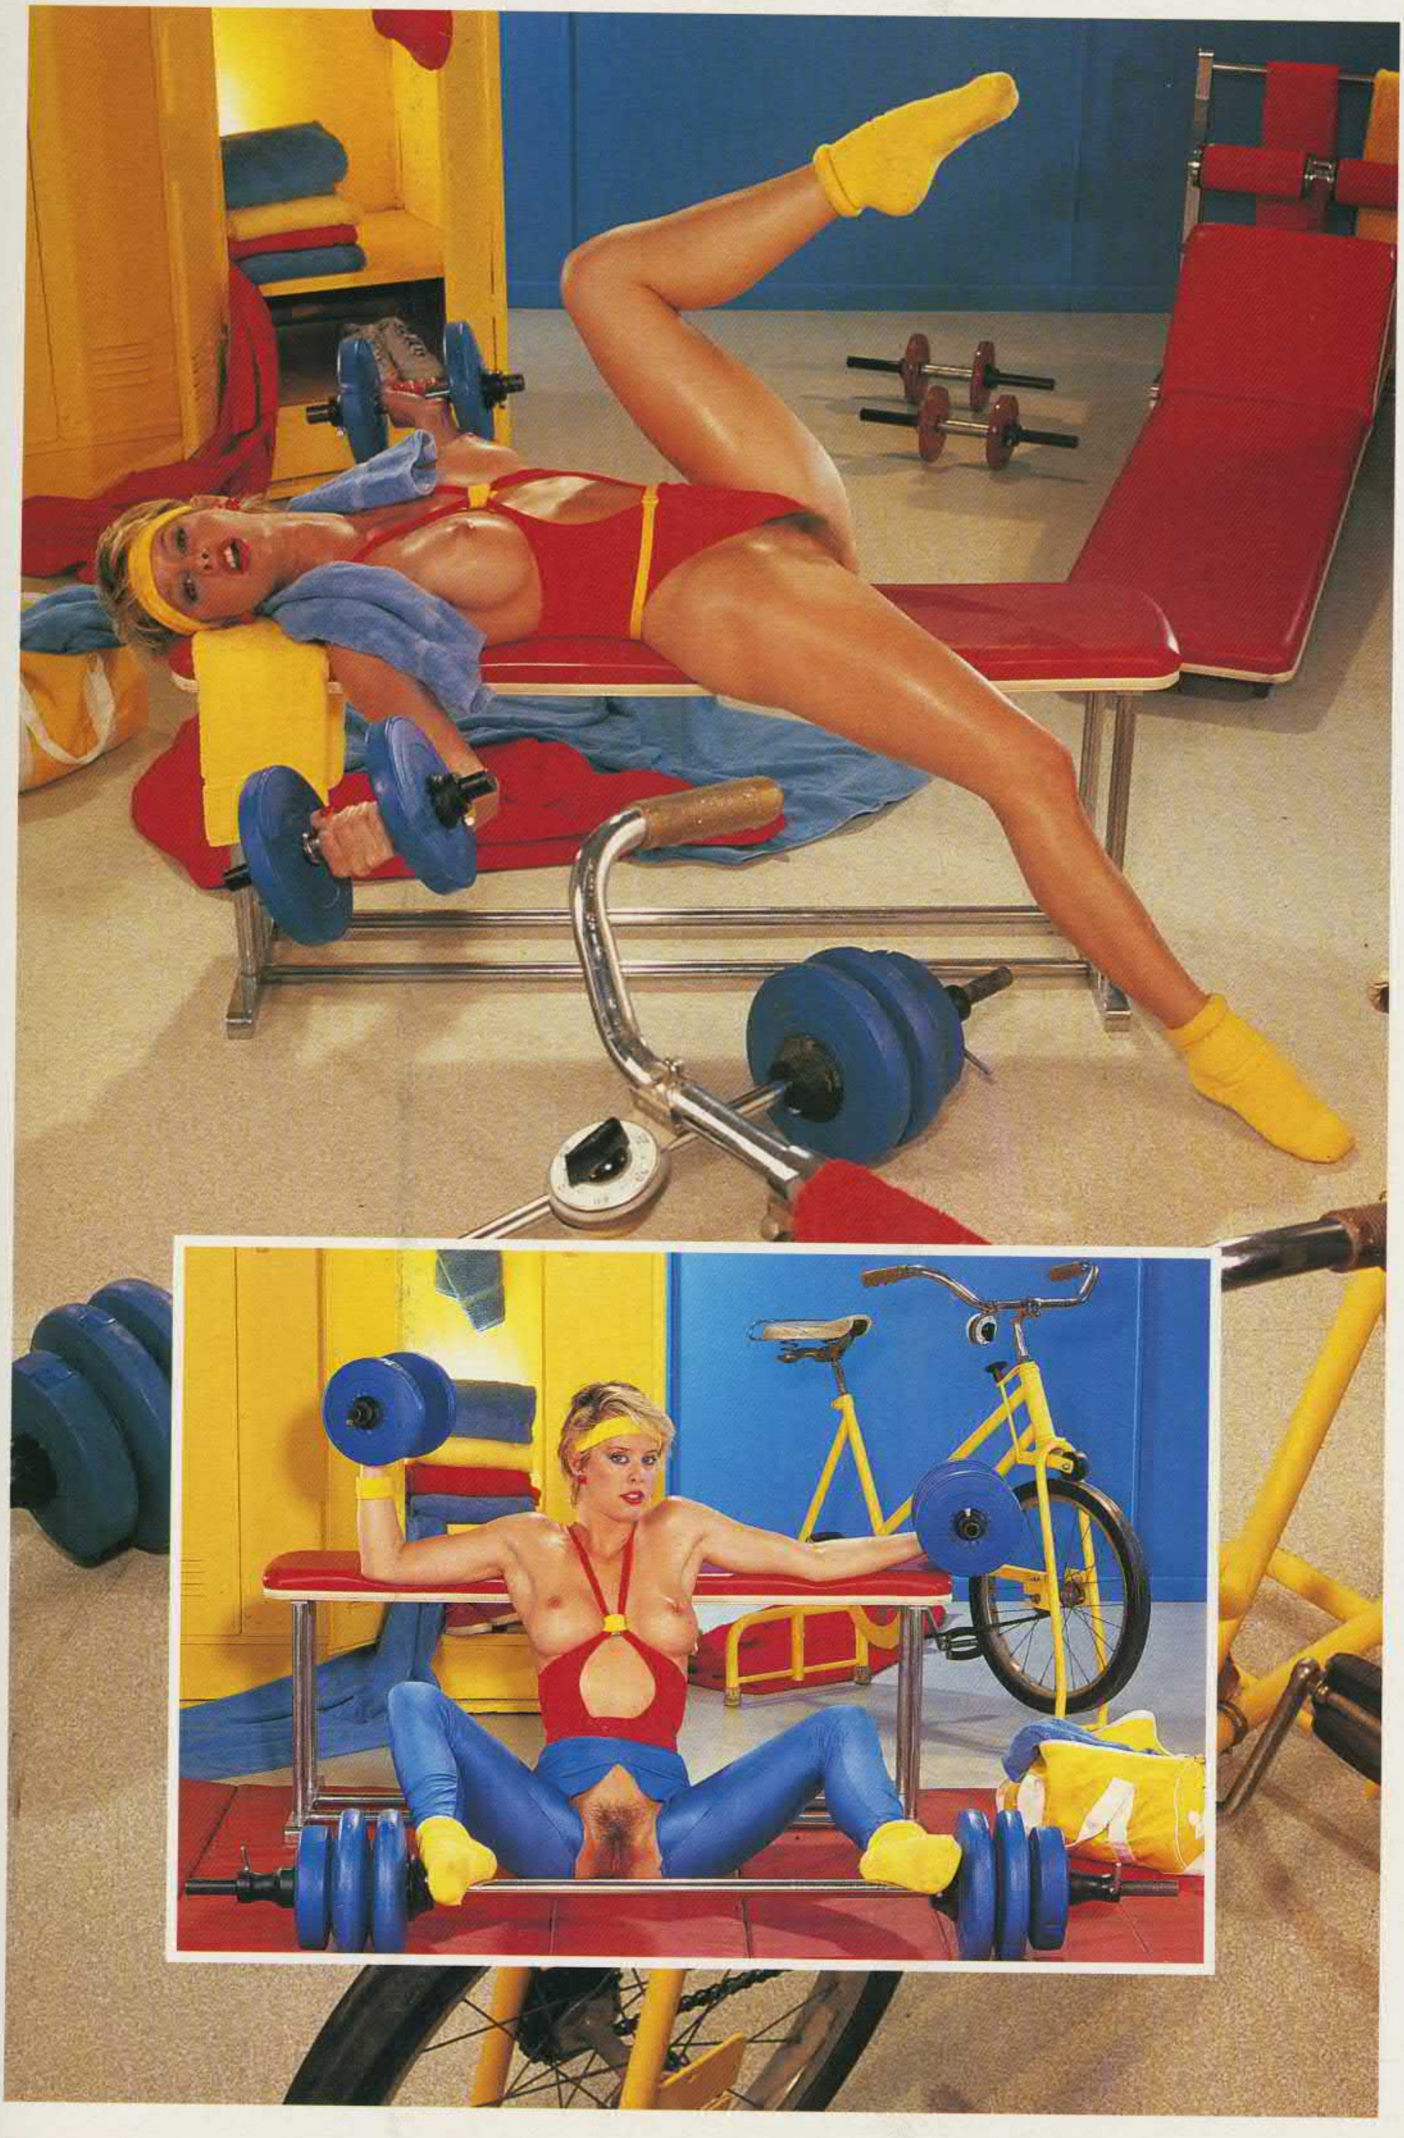
SUZE



Kerry

Kerry curses the day that 'Neighbours' became a hit. As an Aussie living in England, she was quite happy with her evening job as a bar maid in a busy Earl's Court pub. With her beautifully curvaceous figure, she was one of the pub's most popular attractions. But since the huge success of the antipodean soap, people keep calling her Kylie. But, as her best friend points out, at least they keep calling her! Wouldn't you?

Kate

As a Financial Adviser Kate has to present a smart, business-like image. But underneath her business suit she loves to wear sexy, satin undies. She says that the softness of satin against her skin makes her feel really feminine and desirable. But she admits that what really turns her on is sliding into soft satin sheets at the end of a hard day. Kate thinks this can be a truly sensuous experience, especially when she is with the right person.

Janine

Janine never has any trouble attracting fellas and it's not hard to see why. With her gorgeous, wholesome figure, Janine merely has to stand by her car on the hard shoulder and the motorway grinds to a halt with an army of lusty men fighting over who can help change her spare wheel. These days, to save all the embarrassing scenes of bloodshed, Janine has joined one of the well-known motoring organisations. Now, whenever she has a problem, all Janine has to do is make a call and a very nice man appears to help her. And she was always a pushover for a man in a uniform.

Clara

She may look like the archetypal English country rose, but Clara is in fact a fiery Scot. "I think most true English girls are very prim and proper," says Clara, "but up in Scotland we like our men big, hairy - and *regularly!*" Despite lucrative job offers in London, Clara has remained resolutely a Glasgow girl. "What do I want with England when all my wants and needs are well and truly satisfied up here," she says. But what is the great attraction of the land of the thistle? She won't spell it out, but gives away a teasing clue. "Let's just say I'm perfectly happy with what a Scotsman keeps up his kilt."

Christina

Christina loves men and she's never been shy to show herself off to her best advantage, wearing low-cut dresses and skimpy see-through blouses whenever possible. After all, when you work as a rep for a computer company, it's always good to give your client an extra reason to return for a second viewing. Christina has lost count of the number of sales that she has pushed through by leaning over to show details. But as she's on a commission for each sale, and even with the troubles of a recession, she's doing fine at the moment. Maybe it's something to do with the special after-sale service that she offers.

Kate & Clarissa

There seemed something very special going on between Kate and Clarissa, the kind of chemistry that girls rarely seem to create together. They had never met before their sexy session at Men's Collection's swish studios, but they hit it off immediately and soon determined to get to know each other a lot better. "There's something about Kate that really turns me on," giggles Clarissa. "We get on very well and seem to have similar tastes in everything." And there wasn't any jealous rivalries between the two girls, with both singing the praises of the other. "Clarissa has a gorgeous figure," admits Kate. "I hope I'll be seeing a lot more of it."

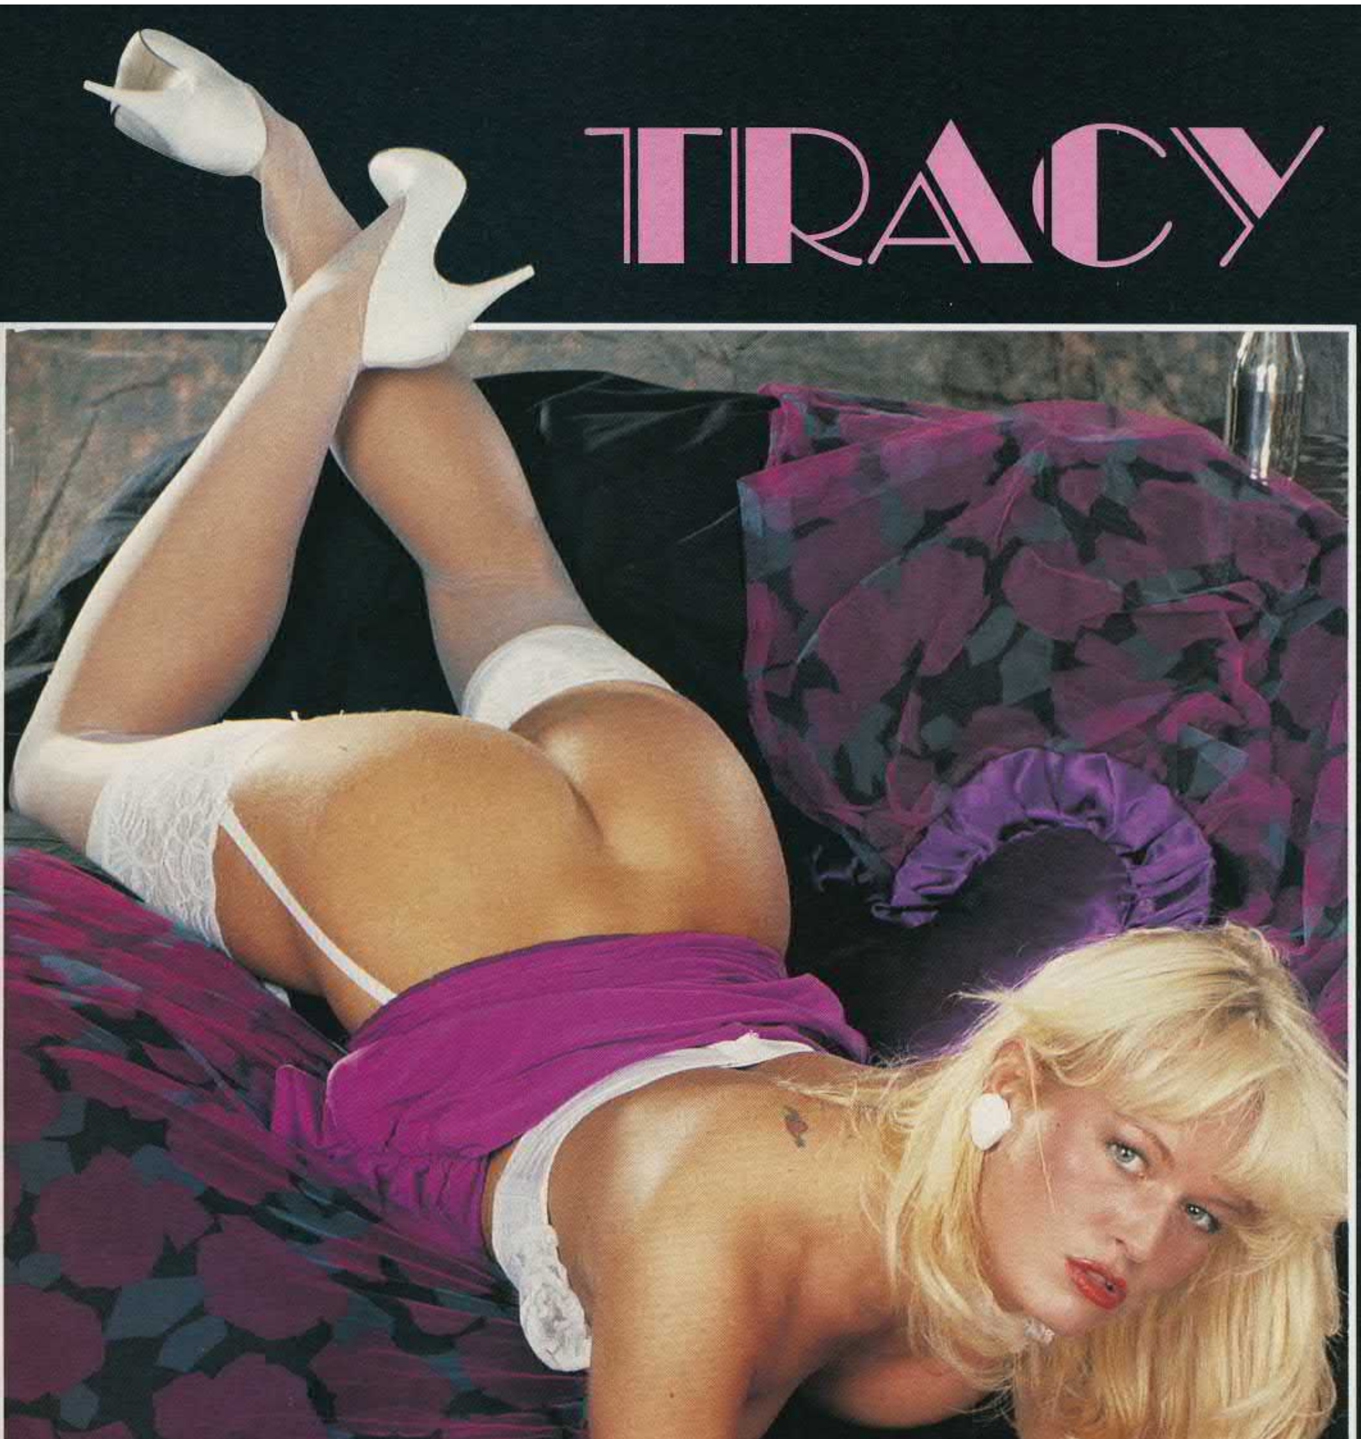
TRACY



I've always enjoyed taking my clothes off. I've been a keen naturist for a couple of years now. I love the freedom of being naked - and, of course, I love it when I see guys getting turned on at the sight of my bare body. I just feel so sexy and desirable when guys look at my naked skin. And naturally, it puts me in the right mood for what they want, too!"

Linda has always had a secret desire to go wild in the jungle, to let her basic instincts take over, to become "at one" with the elements. Trouble is, no one ever took her seriously; they said she'd been watching too many Tarzan films. Now she's dressed for adventure, armed to the teeth, and challenges anyone to doubt her commitment to jungle fever. So watch out Tarzan, Linda's on the prowl and there's bound be to be a rumble in the jungle!
